Reading - We will begin Unit 2 in Wonders. Themes and stories will include topics such as how our government works, why people immigrate to new places, and how people figure things out.

Lang. Arts - Next week, we will begin learning the different parts of speech. We will focus first on nouns including proper, singular, and plural nouns. We will also be busy writing stories.

Math - Next week we will begin learning about the meaning of multiplication and division. We won't yet focus on memorizing our basic facts, so much as understanding situations when to use these operations.

Science/Social St. - This quarter we will be learning about Forces and Motion. In Social Studies, we will be focusing on geography skills.
