Use of School Property

It is understood that the Central City Public Schools is supported by the community and that the school is an integral part of the community. As a public facility, the school is called upon to host several events throughout the year. This policy has been established to recognize the importance of the role of the school in the community and to accommodate the demands for facility use.

1. Use of Specific Facilities by Application and Agreement

- a. The district permits non-commercial use of the following facilities by individual patrons for their personal health and wellness: track. The district understands that it would not be feasible to require a patron to apply to use facilities like the track on every occurrence. The use of such facilities can only be used when school is not in session or when not being used by students or student-athletes. The facility uses defined in this paragraph are an exception to the general facility use requirements contained in this policy for ease of administration and efficiency. The policy within this paragraph is subject to administrative discretion and their guidelines and expectations of such facilities. All other facility uses must comply with the other provisions of this policy.
- b. These particular facilities may be used upon only one application and upon signing the district's written waiver and agreement.
- c. Use of these facilities is governed by this and other district policy and the agreement signed by the user. A copy of each agreement will be maintained in the district's central office.

2. General Facilities Use Guidelines

- d. The rental fees for school facilities shall be set yearly and expressed in facility-use agreement documents.
- e. Related student groups or non-student groups (as those terms are defined below) that wish to use the facility must submit a facility use application which may be obtained from the district's central office. The application must be received by the activities director prior to the approval of any facility use.
- f. The district opens its facilities to district patrons for the benefit of the public, not commercial uses. Due to the complications created by groups or individuals using district facilities for commercial purposes, these uses must be approved by the Superintendent or Board of Education. Such use will only be approved when such groups can prove student, school, and/or community benefit and use of such facilities are not for profit.
- g. Any person or group using the school facilities, for any purpose, must comply with all of the district's policies, rules, and regulations.

A person who enters school premises in violation of these conditions shall be deemed to be trespassing.
