THE CENTRAL CITY ATHLETIC AND NON-ATHLETIC EXTRA-DUTY
2025-2026

Up to five years of experience in the same type of extra duty assignment will be granted when accepting an extra duty assignment, at the administrators' or board's discretion. If the Board of Education is requesting the change in extra duty assignments, movement within the system on the extra duty schedule should be compensated for the same amount of years of experience as the previous assignment he/she is leaving, even if that staff member has no experience in the new assignment. (For example: a movement from head varsity track to boy's golf would result in a cut in pay, but the same years of experience would travel across the schedule).

If a teacher requests a change in extra duty assignment that results in a lesser pay, the teacher will be expected to abide by the new pay rate, unless the board has indicated otherwise. Years of experience will be given to new staff and/or current staff for experience in the same activity or sport, including when moving up from a middle school extra duty assignment to a high school extra duty assignment, or at the administrators' or board's discretion.
