Parents - With the nice weather upon us, it is a fun time to be able to bring your pets outside. Please remember that it is against school policy to bring pets on school grounds without prior permission from administration. We have many children with allergies and conditions where they cannot be around animals. We also have students that may be afraid of certain pets. The individual pet owner is liable if an animal would bite someone on school grounds. Thank you for following this school policy and for your help in keeping our school grounds a safe place for all children. We appreciate your understanding.
