3rd GRADE NEWS

February, 2026

What We Are Learning

Math- This month we will continue to talk about multiplication and division fact families. Students will start to solve two step story problems, using all operations. We will dive deeper into equivalent fractions.

Reading/Writing- Our stories this month will include a variety of informational text, literary text, and poetry. Students will continue to use context clues, along with comparing and contrasting text.

Grammar/Spelling- Students will continue to recognize all types verbs. We will also introduce pronouns and antonyms.

Science- We will explore how to interpret data regarding plant and animal traits.
