3rd GRADE NEWS

December, 2025

What We Are Learning

Math- We have finished up our unit on area and will begin learning about fractions this month. We will learn how to write a fraction, what the numbers in a fraction are called and what they mean, and we will practice representing fractions using pictures and number lines. Please continue to practice multiplication skills throughout the month of December!

Reading/Writing- We will finish up the 2025 year by reading a variety of folktales, myths, and legends. We will focus on the morals or lessons the characters of the story learn, and how we can apply those lessons to our own lives. The week before our break, we will spend some time enjoying some holiday stories!

Grammar/Spelling- We will finish up the second semester by learning about past and future tense verbs and how to correctly use and spell them in our writing.

Social Studies- We will be finishing up our unit on Explorers and Native Americans at the beginning of the month. They will then finish out the 2025 year with some holiday projects.
