-Make sure to check your child's planner and homework folder each day.
-FRIDAYS are green and gold days! Have your student show their Bison Pride by wearing their school colors.

Kamden- 27th

Science

This week we will begin unit 2 "Using Energy" lesson 1 "Types of Energy." We will be doing an inquiry activity as well!

Language Arts

Students will identify common and proper nouns as well as correctly capitalizing proper nouns. Students will identify singular and plural nouns. They will also be using commas in a series when making a list.

Social Studies

This week we will wrap up lesson 1 "Early Peoples" and move into lesson 2 "Plains Indians." We will be reading about how these people lived and how they developed unique cultures.

Reading

Students will be learning how photographs, captions, and headings contribute to the understanding of text. They will also explain how relevant details support a central idea. Lastly, students will summarize a text to enhance comprehension.

Math

This week we will begin multiplication. We will start with two/three digit by one digit multiplication and then we will progress to learning two digit by two digit multiplication. The students will use their rainbow colored step sheet to help them learn the steps in two by two multiplication.

Mission Statement

The mission of Central City Public Schools is to educate, challenge, and prepare students with lifelong skills for the world around them.

For Parents

When kids are organized, they can stay focused instead of spending time hunting things down and getting sidetracked.

What does it mean to be organized at the elementary level? For schoolwork, it means using an assignment book and homework folder to keep track of homework and projects.

Check your child's assignment book and homework folder every school night so you're familiar with assignments and your child doesn't fall behind. Set up a bin for papers that you need to check or sign. Also, keep a special box or bin for completed and graded projects and toss papers that you don't need to keep.

Talk to your child about keeping their school desk orderly so papers that need to come home don't get lost. Teach your child how to use a calendar or planner to help stay organized.

It's also helpful to teach your child how to make a to-do list to help prioritize and get things done. It can be as simple as: *homework, soccer, put clothes away.*

No one is born with great organizational skills — they need to be learned and practiced.
