

Bison Activity Dome - Community Safe Room Rules & Procedures

- During school hours, students and staff have priority for Safe Room occupancy.
 - The Safe Room is open to the public when a tornado warning is issued by NWS/NOAA, or any time tornado sirens are activated by Central City's Emergency Management Director.
 - The Safe Room will remain open only until the warning is lifted. When the warning expires, the Safe Room must be evacuated.
 - During school hours, a Safe Room Manager is in charge and will be on duty to maintain the facility and to close it after the warning expires. After school hours, a volunteer Safe Room Supervisor will be in charge. Please follow the directions of the Safe Room Manager/Supervisor or other school personnel at all times.
 - Weapons are prohibited in the Safe Room or on all school property.
 - Smoking or the use of tobacco in any form is prohibited in the Safe Room and on all school property.
 - Alcohol and drugs (other than those prescribed by a doctor) are prohibited in the Safe Room and on all school property.
 - **Pets are not allowed in the Safe Room unless they are confined in an owner provided and airline approved carrier.** Individuals bringing pets shall occupy the North Locker Room Hallway.
 - Radios or music devices may be used only with individual earphones.
 - Safe Room doors must remain closed at all times.
- ❖ *It should also be noted, that when District Administrators have information that leads them to believe that a life-threatening storm system is approaching our area from any county contiguous with the borders of Merrick County, and the storm path includes the City of Central City, Central City Public Schools personnel may open the Community Safe Room before a tornado warning is issued, or storm sirens are activated. If the safe room is opened ahead of a tornado warning or activation of storm sirens, that information will be announced on the district's social media applications.*
